42nd Annual
Radiology Review Course
Up to 47.75 AMA PRA Category 1 Credit(s)™

UC San Diego
c/o Educational Symposia
5620 West Sligh Avenue
Tampa, Florida 33634-4490

BM-UCSDRR22
About The Meeting…
The 42nd Annual Radiology Review Course will cover a wide range of topics common to most current diagnostic radiology practices. It is organized in focus sessions, by organ system, in all subspecialty areas of Diagnostic Radiology. Some sessions will include discussion on related image guided interventions, image optimization and case review sessions round out the program. In addition, to regular Continuing Medical Education (CME) sessions, specific sessions of the meeting program will be submitted for SAM qualification to help satisfy participants’ SAM requirements for board recertification.

Target Audience
The course is designed as a comprehensive review of the field of Diagnostic Radiology for both practicing radiologists as well as radiologists-in-training preparing for the Core Exam of the American Board of Radiology.

Accreditation
The University of California, San Diego School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of California, San Diego School of Medicine designates this live activity for a maximum of 47.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Category A/A+ CE Credit is pending approval by the ASRT.

The number of A CE credits will be available approximately 30 days prior to the meeting. Please visit ucsd.edusymp.com or call (813) 806-1000 regarding the availability of Category A CE credit.

SAM Credit
Certain sessions of the meeting program will be submitted for SAM qualification. The total number of approved SAM credits available will be confirmed approximately 21 days prior to the meeting.

EDUCATIONAL OBJECTIVES
Attendees should, at the completion of this course, be able to:

- Discuss the differential diagnosis of the imaging appearance of common disease processes with appropriate imaging and clinical follow-up recommendations.
- Describe the role of new imaging techniques in diagnostic radiology.
- Discuss basic vascular and non-vascular interventional procedures.

No special educational preparation is required for this CME activity.
ACCOMMODATIONS

MAKE RESERVATIONS ONLINE: http://ucsd.edusymp.com

About The Resort
Experience the artful blend of elegance and tradition at the Hotel del Coronado. The Del’s most traditional San Diego beach accommodations reflect the resort’s classic heritage in their charming décor. Housed in the original Victorian building, a space is limited – reserve today:

**HOTEL:**
